Our Mission

North Coast People's Alliance is a hub of organizing activity for Northern California. We advocate for economic, environmental, and social justice, with a particular focus on local progressive electoral issues. We are not aligned with any political party; rather, we seek common ground on issues that transcend partisan politics.

The North Coast People's Alliance evolved from Northern Humboldt for Bernie, a grassroots group of volunteers in Humboldt County working on Bernie Sanders' 2016 presidential campaign. Our team's hard work and dedication helped to secure the highest margin of victory for Sanders in all of California in the Democratic primary.

Empowered by the skills and knowledge we acquired, and the sense of community we formed as a group, we've embarked on a journey to turn our shared passion for the messages expressed by Bernie Sanders' campaign into something more enduring for our local community.

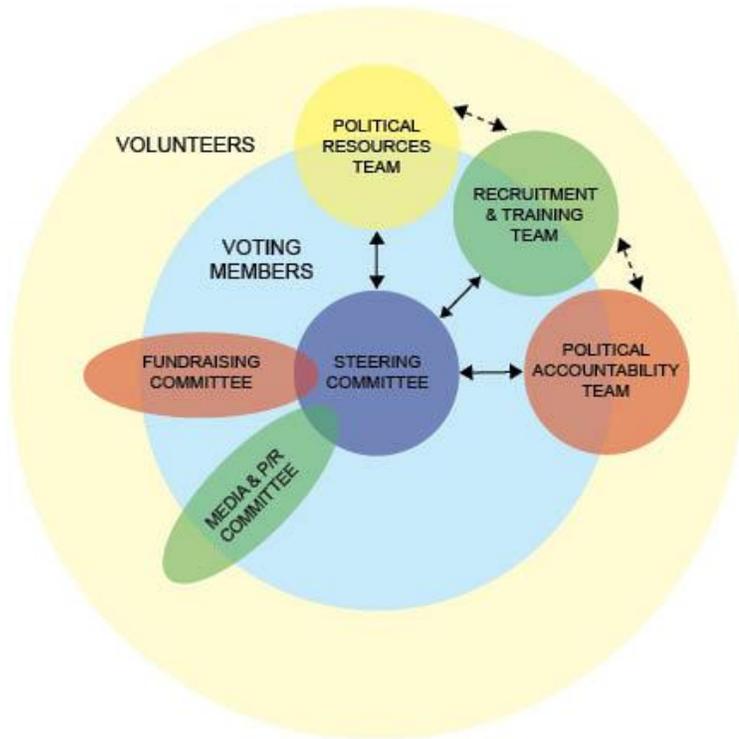

We are growing an organization to empower ordinary people to become more engaged in political processes, and to make our representatives - from local school boards on up to federal representatives - truly accountable to the citizens they serve, and our best interests.

Get Involved – Join an Action Team or Committee!

NCPA Action Teams exist to promote and support the following desired impacts of our organization's work:

1. We will support the election of progressives at all levels of local government, gaining majorities on all elected and appointed bodies, and we will work to hold officials accountable.
2. Every resident is empowered to volunteer, lead, and impact their communities. We link a variety of groups/causes, and amplify the impact of each.

Name	Purpose	Current Project(s)	Contact Person
Political Resources Team	Create tools and resources necessary to enable progressive candidates and initiatives to succeed.	<ul style="list-style-type: none"> • Create voter database. • Create elected/appointed positions database. • Neighborhood canvasses.
